Situation after 1 year of war

Almost 9 million refugees have arrived in Poland from Ukraine, of which about 1,5 million have remained.

[(*) updated as of May 15, 2023
11,889 mln / 1,794 mln]

They are mainly women and children.

In Poland, refugees are not placed in refugee camp centres - this is the result of the hospitality of Poles and aid activities on the part of the state and non-governmental organizations.

3000 people in Ukraine trained in first aid

The Maltese Medical Service (MSM) in 2014 secured the evacuation of the injured from the Kyiv Euromaidan, then implemented, in cooperation with the Polish Ministry of Foreign Affairs, a several-year training program in pre-medical assistance (1st aid). During the COVID-19 pandemic, the MSM trained relevant civil services (police officers, firefighters, teachers) and donated a significant amount of hygiene and personal protective equipment.

Thanks to this program, about **3000 trained people** and medical equipment have been serving Ukrainians since the first days of the war.

The MSM - thanks to these contacts has precise information about needs and can implement aid in the precise and effective way.

The future - day care centres

The Order of Malta will react to the war, the post-war situation, and will continue its existing Maltese activities.

Day care centres - for mothers with children.

Many single-parent families will remain in Poland. A day care centre is a place: for childcare, a place of respite, a meeting place for people who fled the war, a source of advice.

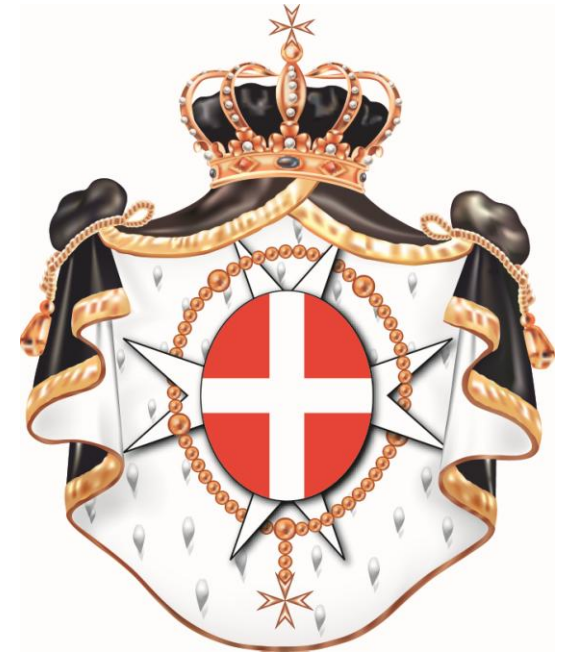

The scale depends on organized resources.
The day care centres work in Poznań, and Katowice.

The Sovereign Knights Military Hospitaller Order of Saint John of Jerusalem, of Rhodes and of Malta, was founded in Jerusalem in the second half of the 11th century (about 1065). The Order has been present on Polish territory since the XII century. The Association of the Polish Knights of Malta (ZPKM) was founded in 1920, but its activity in communist Poland was not possible. In independent Poland, the Association resumed its activities in 1992.

The Order is active in charity and hospitaller work in about 120 countries. The Knights of Malta provide assistance to victims of natural and military disasters. Their devotion was particularly visible during both World Wars and other armed conflicts. The 20th century saw a dynamic expansion of the Order's hospitaller and charitable, along with religious and diplomatic activities.

The Order of Malta is the oldest humanitarian organization in the world.
